Summary

I am a passionate web developer dedicated to creating dynamic, user-friendly websites. With a keen eye for detail and a strong foundation in both front-end and back-end development technologies, I strive to build seamless and engaging digital experiences.

My journey in web development began with a deep fascination for crafting interactive and visually appealing interfaces. Over the years, I have honed my expertise in HTML, CSS, and JavaScript, continuously refining my skills to stay at the forefront of modern web development.

Experience

Codercell   MAY 1, 2023 - JUNE 10, 2023

Mobile Application Development (Intern)

Collaborated with a team of developers to **create a mobile application**.

Participated in team meetings and contributed ideas to **improve the user experience** and functionality of the application.

Gained practical experience in mobile application development and learned about industry best practices and methodologies.

Education

Otago Polytechnic   Current
Bachelors of Information Technology

Uka Tarsadia University   2021-2024
Web Development   Diploma Computer Engineering
8.2 CGPA

Radiant International School   2019 - 2020
High School

Projects

Property Hub   JAN 2024

I developed a dynamic and user-friendly real estate website using **HTML, CSS, JavaScript, and Firebase** to provide a seamless property browsing experience.

The platform allows users to explore property listings, view detailed information, and connect with sellers.

Volunteering

Uka Tarsadia University   2024
Organizer   Bardoli

I successfully organized an E-Sport at my university, bringing together gaming enthusiasts for an exciting and competitive experience.

The event featured E-Sport, attracting participants from various departments and fostering a spirit of teamwork and sportsmanship.
